TO GIVE BALL GAMES.

On Wednesday, June 18, White Way Celebration Day, There Will Be Ball Games.

On Wednesday, June 18, the day of the white way celebration, ball games will be played at the Normal park. The Harmony team will play the Buchanan Street Methodist church team, and the Christian church team will play the Methodist church team. These teams are members of the Sunday school base ball league.

The directors of the Sunday school ball league met Monday night in the Commercial club room and a new rule was made, which was that any team that has not nine men on the field at the time set for the game will forfeit same. Another rule made was that all games shall start at 2:30 p. m., and a time limit of an hour and a half was made. If the first game is not over by 4 o'clock the score stands as it is, and the second game begins. In case of a tie the time will be extended. This rule was made in order to make the games faster and more interesting to the spectators. The only other change in the present rules was the requirement of players to attend Sunday school one Sunday out of two, instead of two out of three Sundays.

TALK ON CULTURE

THE MODERN MEANING OF IT TO BE DISCUSSED TONIGHT.

LECTURE BY NOTED MAN

Public Invited to Attend at First M. E. Church Free—Last Lecture at Normal Wednesday Morning.

Dr. Henry Suzzallo of the Teachers' college of Columbia University New York City, will give a lecture in the First M. E. church this evening, his subject being "The Modern Meaning of Culture." The lecture is to be held down town on account of giving the people a chance to hear this noted speaker. Dr. Suzzallo is here, giving a series of lectures at the Normal and the public is invited to attend all of them. He will give his closing lectures on Wednesday morning and afternoon and is to leave Wednesday afternoon on the Burlington train.

Dr. Suzzallo gave his third lecture of his series at the Normal on Tuesday morning, his subject being "The Change in Social Conditions and Needs." He showed the necessity of the new curiculum and why the twentieth century requires a different kind of education than the nineteenth century. The greatest obstacle that a teacher has to deal with is the tendency to do the things which are but an echo of the past. We do the things that we do now because our ancestors did them. The teacher has learned that he or she is merely the supervisor of the learners.

The lectures by Dr. Suzzallo are of the highest type and are the kind that we hear in lecture courses and in Chautauquas. The people of the community should not miss this opportunity tonight to hear him.

The subject for tomorrow morning's lecture is "The Three Functions of the School," instead of "The New Functions of the School," as announced. President Richardson urges the public to attend the lectures.

The 13th of last October Mr. and Mrs. Ford celebrated their golden wedding anniversary. Mr. Ford is survived by his wife and seven children.

THREE ROAD FIGHT

COUNTY SEAT HIGHWAY WARFARE WAXES WARM.

SIX DELEGATIONS HERE

Commissioners of Nodaway and Atchison Counties Sit as One Body to Hear Contesting Claims.

The largest automobile delegation that has ever been in Maryville was here Tuesday, there being more than 100 cars that came to the city. The delegation came from Burlington Junction, Tarkio, Quitman, Rock Port, Fairfax and Skidmore, and, of course, are after the county seat highway from this city to Rock Port, and came to present their claims to the county highway commission.

The Atchison county highway commission, composed of Mayor Ed Frazier of Rock Port, George Prettyman of Fairfax and Frank Travis of Tarkio, were in the party, and they, with the Nodaway county commission, composed of John Clary, E. H. Bainum and S. H. Conlin, heard the claims of the various roads in contest for the Maryville-Rock Port highway.

There are three roads in contest for the Maryville-Rock Port road. Tarkio wants the road, and would also like to have it go by the way of Burlington Junction. Burlington Junction is after the road by way of Tarkio. Then there is Quitman after the road, and after leaving that town the road can either go by Fairfax or Tarkio. The other route is by Skidmore and Fairfax to Rock Port.

Fairfax wants the Maryville road and so does Tarkio. Rock Port is with Fairfax for this road. As there is a commissioner from Fairfax and one from Rock Port it would seem that so far as Atchison county is concerned they will select the Rock Port-Fairfax-Skidmore road. But what is to be done now is to get the Nodaway commission to select the road to Skidmore, as it is necessary for both counties to adopt the same route. Tarkio is fighting the Fairfax-Rock Port-Skidmore road.

The meeting before the commissions of both counties was held in the circuit court room in the court house. The room was well filled with the visitors here from the neighboring towns.

Fairfax and Skidmore came with their bands and during the day music was given by both of these musical organizations.

IS LARGELY ATTENDED

Visitors From All Parts of the United States and From Far Off Canada Come to Make Selections.

The annual Shorthorn sale of Bellows Bros. is being held this afternoon at Parkdale, the farm of C. D. Bellows, south of the city. Prominent cattle men from all over the United States and a few from Canada are in attendance at the sale for the purpose of buying some of the cattle.

Fifty Shorthorns are to be sold, and it is said to be the best offering ever up for Bellows sale. This is saying a great deal, as Bellows Bros.' sale is one of the greatest in the country.

The sale is being held in a big tent on the farm and is largely attended. Nearly all of the delegation that were here from Atchison county attended the sale. Many of the buyers came to the city in their automobiles, and there were any number of cars at the farm.

Bellows Bros. is composed of C. D. Bellows and Harold Bellows, the son of the late George Bellows.

AN INSANITY CASE.

Lewis W. Fouts of East Second Street Being Tried in Probate Court.

Lewis W. Fouts of East Second street is being tried Tuesday afternoon in probate court before a jury for insanity, and a guardian is asked to be appointed to manage his business affairs. It is thought by many that Mr. Fouts has been unbalanced for some time, but the first signs were Monday on his return trip from Grant City, where he had spent the day. He is 79 years old and is well fixed in a financial way. Mrs. Fouts, his wife, caused the authorities here to lose a night's sleep on Sunday night. She disappeared from her home and spent the night with friends. Her husband called for the officers, and after an all-night search no trace could be found of her until the next morning, Mrs. Fouts arriving home in time to prepare breakfast.

The body of Uncle Stephen Russell, for many years a resident of Lincoln township, was brought to Elmo Tuesday morning from Soldier, Kan., where his death occurred at the home of a son, and was buried in Lamar cemetery. (Dedicated with humble apologies to the leaders in the new civic work.)

O, Maryville, how fair you are!
How full of charm and grace.
Behind a weed grown wilderness
You hide a smiling face.

The dandelions and horse mint,
The rag weed and the dirt
Conceal a loveliness that might
Transform you to a flirt.

How dear is every little nook,
Though marred by many a blot.
What fond associations cling
'Round every vacant lot.

The peanut shells that gayly deck
The walks are only meant
To call attention to your miles
Of smooth, high grade cement.

'Tis thus which every way we turn
The dirt beneath our feet
Is found on close inspection
To conceal a brick paved street.

The alleys have their teeming loads
Of microbes, germs and slop,
And empty bottles which of late
Were filled with lively pop.

We don't forget the shady streets,
The lawns that blossom fair,
The Normal park and Lovers' Lane,
The fountain on the square.

The band stand, with its memories
Of fairs and wedding bell,
And e'en the marvelous back yard
That flanks the Ream hotel.

O, Maryville, to keep the love
That beats in every breast,
Remove your stains and blemishes,
And we'll still think you best.

MISSOURI'S GOOD CROPS.

An Unusually Fine Stand of Corn—Wheat Lost Nine Points in May.

The condition of wheat in Missouri declined 9 points in May, owing to dry weather in some sections, according to the report of T. C. Wilson, secretary of the state board of agriculture, in his June report, published Saturday. The present condition is 89, compared with 64 a year ago. Only 1 per cent of the area sown last fall was abandoned.

Reports show 91 per cent of the corn planted June 1. This is 10 per cent better than a year ago. The soil condition is 88. This, with good seed, has resulted in one of the best stands of corn in the history of the state, it being placed at 93. The corn acerage is estimated at 1 per cent larger than last year—7,610,900 acres—making it 7,686,000 acres.

The outlook for oats, except in the northwest section of the state, is poor. Much of the crop went in late and weather conditions have since been unfavorable. The condition of oats for the state is 68 compared with 83.4 a year ago.

The clover crop is excellent, being 84 for the state. The stand of new clover is 76, having been hurt by dry weather. Timothy is poor, the contrast with last year's wonderful crop being noticeable. Alfalfa is reported at 92, rye 92, barley 95, barley average 83. Tobacco acerage is estimated at 88. Cotton acerage 91, flax acerage 92, potato acerage 97.

Correspondents estimate that there is but 35 per cent as much hog cholera as existed three months ago.

The outlook for an apple crop was materially lowered during the month, being 73 on June 1. The peach prospect continues to be the best and an immense yield is promised.

The indicated wheat crop this year is 34 million bushels, compared with 21½ million bushels produced last year. Last year's corn crop, 243 million bushels, will be exceeded this year if weather conditions are favorable during the remainder of the season.

Mr. and Mrs. Otis Seals and daughter Margaret of Mystic, Ia., who have been visiting relatives here, returned home Monday.

During the afternoon the three daughters of the family gave some excellent music on piano, cornet and violin.

Surprise Party.

A surprise party was given Saturday afternoon in honor of Royal Kuster, it being his fourteenth birthday, and a number of his friends and schoolmates gathered at his home.

The afternoon was spent in playing games and listening to German songs sung by Royal's father. A two-course luncheon was served by the host's sister, Miss Anna, assisted by Miss Marie Deneen. The host received many presents and the good wishes of all. Those invited were Hester E. Deneen, Alena Holt, Myrtle I. Hughbanks, Pearl Deneen, Marie J. Lowe, Beulah Holt, Mabel Lowe, Gladys L. Thompson, Catherine Holt, Marie Deneen, Lora Lowe, Joe Holt, Jonah Hughbanks and Hiland Thompson.

Met With Mrs. Combs.

The Young Women's Foreign Missionary society of the First M. E. church met with Mrs. Joseph Combs Saturday afternoon. The hostess was also the leader for the afternoon study, which was entitled "Gala Days in Mission Lands." Mrs. Gilbert S. Cox told of "Melas and Summer Schools," and Mrs. Combs gave a description of the scenes on gala days. There were twenty members present, and during the delightful social hour that followed the program the hostess was assisted by Mrs. A. C. Nicholas and Miss Mary Q. Evans. Miss Glen Hotchkiss also gave a reading, "The Death Disk," by Mark Twain. There were four guests of the society, Mrs. W. H. Crawford, Mrs. Glen Goff, Mrs. Byron Frost and Miss Acklan.

Held Social and Business Meeting.

A social and business meeting of the Epworth League of the First M. E. church was held at the home of Miss Ethel Embree, three miles southwest of the city, on Monday evening. There were forty present and the trip was made to the Embree home in automobiles. The league, with the Ladies' Aid society of the church, will serve meals on Tuesday, June 17, and on Wednesday, June 18. Supper will be served Tuesday and dinner on Wednesday. The county Sunday school convention meets here also on Wednesday, the day of the White Way celebration. The league committee, in charge of these meals is composed of Misses Nellie Wray, Annetta Lorance and Edna Moore. The league will also give several social entertainments for the Normal students attending the summer term. The committee in charge is Misses Bessie Cox, Izora Mutz and Grace DeMotte.

Four Generations at Dinner.

Mr. and Mrs. Raymond B. Stewart of Burlington Junction entertained at dinner Sunday to observe the birthday anniversary of Mrs. Stewart's father, J. T. Smith of Clearmont. Four generations were represented in the gathering, the entire company being children, grandchildren and great-grandchildren of one of the guests, Mrs. A. R. Garrett of Eureka Springs, Ark., who is visiting in that vicinity in company with her daughter, Mrs. Etta Rife, and a great-grandson, Lester Willis, also of Eureka Springs. The other members of the dinner party were Mr. and Mrs. J. T. Smith, Miss Minnie Smith, Charles and Edward Smith of Clearmont; Mrs. S. B. Moore and children Lester and Flora May, of Maryville, and Mrs. D. T. Garrett of Burlington Junction. Besidle the three little great-grandchildren present, Mrs. Garrett who was a resident of Clearmont for many years, has three other great-grandchildren, Mildred and Gertrude Willis of Eureka Springs, Ark., and Grace Gertrude Garrett of Long Beach, Cal.

Notice of Postponement.

The regular monthly business meeting of the city's federated club, which occurs the second Wednesday in each month, will not meet tomorrow, its regular day, but will be postponed until Friday, June 13, the day after Mrs. Baxter has been here, when all the club ladies are asked to meet together in the basement of the library at 7 p. m. to discuss and make use of the suggestions put forth by Mrs. Baxter.

Monday, June 16, has been selected by the civic committee for clean-up day.

The city is to furnish teams and the boys and girls may be asked to take charge of the school grounds.

Several teams will be furnished by the city for the use of our citizens on clean-up day. Have your rubbish in front of your place and it will be carted away for you free of all expense.

It is thought that the boys and girls will be asked to organize into squads to take charge of the various school yards.

Weeding the potato patch is one thing, but cleaning up the school yard with a crowd of jolly fellows and rosy cheeked girls is quite another. It's worth trying, boys.

Visitor From California.

Mrs. C. Ernest Abel of Maxwell, Cal., who has been visiting her sister, Mrs. Walton J. Holt of Burlington Junction, left Monday for San Antonio, Texas, to visit her people. Mrs. Holt accompanied her sister to Maryville, and while here they spent a few days with Mr. Holt's parents, Mr. and Mrs. John W. Holt, west of town.

Sixty-five Year's Production of Machines that do the work backs up the Reliability of

The Champion Improved Binder

Three Exclusive Features Put This Machine in the Champion Class

Three features found in no other binder make the Champion Improved binder do efficient work under the hardest conditions as well as the easiest. These three features are—**the force feed elevator, the balancing sectors, and the relief rake.** There is no more need of these attachments on a Champion bind r than on any other binder, but they are in accord with the Champion policy of building machines which do the work under all kinds of conditions.

The force feed elevator insures positive, even feeding to the packers of all kinds of grain. It prevents clogging at the top of the elevator. That is why this machine is able to do good work in badly lodged or tangled grain.

The balancing sectors preserve the proper balance of the binder, no matter for what height of grain it is set. In spite of many attempts to build balancing sectors, the Champion remains the only machine with sectors which actually preserve an even balance under all conditions.

The relief rake prevents choking at the inner end of the platform by keeping it clear of accumulations of grain, weeds, or grass. This insures perfect and continuous cutting along the whole length of the platform.

There are many other strong points besides these exclusive ones which help to give this machine its long-lived efficiency. Champion Improved binders are made in 5, 6, 7, and 8-foot sizes.

Champion Improved Mower

Vertical Lift **Regular Lift**

The Champion Improved mower is famous because of its capacity to cut any kind of hay under good or bad conditions. Ample power, durability, and light draft insure good service under all kinds of working conditions.

An examination of the Champion Improved mower will convince you that it is so designed that it will give the utmost service.

Reliability - Beauty - Comfort

Do You Want Them in Printer's Ink or in Your Car?

It's an easy matter to prepare and print advertisements and catalogs glowing with praise.

Judge the car you buy by its record — not by printer's ink. Look into its parts, not its advertisements.

When you've paid out your money, what do the advertisements with their glowing terms mean to you in the way of reliability — beauty — durability — economy — comfort?

When you pay over your money be sure of what you are getting.

There are good cars, lots of them, made as good as their makers know how, and plenty of bad cars, too, cars made merely to sell. They look fine while new, they even run passably well while new, but there's no heart in them. Their makers did not put it there. They quit under a strain—give out—and the repair bills begin.

Be sure you are getting a car that has made good. Look into the record and get the car that has come through the hardest tests unpenalized. Such a car will long be your most prized possession.

Come in, make an examination of Enger Cars, talk with any owner, and buy the car that you will use and be proud of for years.

MINNESOTA WINS 2-CENT FARE CASE

Supreme Court Upholds State's Interstate Contention,

LOSES ON SOME OF POINTS.

Minneapolis and St. Louis Tariffs Are Held Confiscatory, but Those of the Hill Lines Are Declared Valid by High Tribunal.

Washington, June 10.—The state of Minnesota won a substantial victory in the supreme court when, in the Minnesota state rate case, Justice Hughes, for the court, held that the rates of the Minneapolis and St. Louis railroad were confiscatory and unconstitutional, but that the rates of the Northern Pacific and Great Western were valid.

The decision was a victory for the state on the interstate commerce phases of the controvery and upon the confiscatory features, with the exception of the portion affecting the Minneapolis and St. Louis.

In effect, the supreme court's decision upholds the right of the railway commission and the state legislature to prescribe a passenger rate of 2 cents a mile and a maximum freight rate, provided always these rates are not confiscatory.

SUIT AGAINST KODAK TRUST

Government Brings Court Action to Dissolve Monopoly.

Buffalo, N. Y., June 10.—Dissolution of the so called "Eastman Kodak trust" was asked in a civil suit filed here by order of Attorney General McReynolds. The federal government seeks the dissolution by receivership, if necessary, of the Eastman Kodak company of New Jersey and the Eastman Kodak company of New York, which are charged with monopolizing the trade in photographic supplies.

It is the aim of the government to obtain a division of the assets and business of the two companies controlling 72 per cent of the business in the United States into such parts as will destroy the alleged monopoly and restore competition. The petition in equity asks for an injunction forbidding the fixing of resale prices of cameras, films and other patented photographic supplies.

This marks the attorney general's first application of the recent decision of the United States supreme court denying patentees the right to fix resale prices of retailers.

PLAN IMPOSING FUNERAL

Memorial Service Proposed for First Suffragist Martyr.

London, June 10.—Miss Emily Wilding Davison, the militant suffragette who died from injuries sustained while interfering with the running of the derby, will be buried at her home, Longhorsley, Northumberland, on Saturday. The body has been wrapped in a suffragette banner and a suffragette badge has been placed in the coffin. The Women's Social and Political union is arranging an imposing funeral procession across London and a memorial service to be held at the headquarters of the militant organization.

FIRE CHIEF CHARGED WITH MANSLAUGHTER.

Salt Lake, June 10.—A complaint was issued by the county attorney charging W. H. Bywater, chief of the Salt Lake city fire department, with involuntary manslaughter. While responding to a fire alarm, the chief's automobile ran down and killed a ten-year-old girl. A coroner's jury held an inquest and returned a verdict charging Chief Bywater with being responsible for the girl's death on account of reckless driving.

Conflagration at Springfield, Mo.

Springfield, Mo., June 10.—Fire which started in the basement of a department store here got beyond the control of the firemen because of low pressure. Fifteen buildings, practically a quarter of the business structures on the public square, were destroyed with all their contents and the entire northeast section of the square is in ruins. It was the worst fire in the city's history. Telephone, power and street car service was paralyzed. The loss is estimated at $500,000.
